December 10, 1980

Dr. Joshua Lederberg
President
The Rockefeller University
New York, NY 10021

Dear Josh,

I will be able to visit Rockefeller University on April 15, 1981. As we discussed, I would be delighted to present a seminar on "Regulation of Myosin Synthesis and Assembly." If the date is O.K., could you let me know the time? I would greatly enjoy visiting with you and other faculty members. ✓

With warm regards,

Sincerely yours,

Henry F. Epstein
